

EeStairs is a world-renowned expert in the design, manufacture and installation of bespoke staircases. We thrive on creating statement stairs for the most discerning clients across the retail, commercial, public and private sectors.

Our unparalleled in-house capabilities ensure we achieve the highest level of craft, quality control and efficiency throughout a project's entire lifecycle. We promise this, be it a bespoke feature staircase, balustrade, handrail or space saving staircase solution.

Collaboration and mutual respect is key to the success of any project and we partner with you from the outset to achieve the best result, often helping to find simple solutions to complex problems. Regularly working with the world's leading architectural practices and contractors, we understand, retain and support our client's design intent, maximising schemes within available budgets.

EeStairs is committed to investing in software, technology, methodologies and equipment to facilitate production, ensure accuracy and explore new approaches to staircase design. This has resulted in innovations, such as EeSoffit™ – a seamless crack-free soffit system for helical stairs and 1m2™ – a space saving staircase with a one square metre footprint.

From headquarters in the Netherlands and with offices and manufacturing facilities throughout Europe, North America, Africa and Asia, we deliver extraordinary staircase projects around the world.

A stylized, handwritten signature in black ink, consisting of a large, looping initial 'C' followed by a long, sweeping horizontal stroke that ends in a small upward flick.
